

Turbine Efficiency Group **Statement on Covid-19 Outbreak**

Updated: 18.03.2020

The Health & Wellbeing of Turbine Efficiency's customers, employees, suppliers and business partners is our primary concern at this time. We have implemented our Business Continuity Plan and are working to implement the necessary and appropriate measures to ensure the safety of our employees, consistent with travel guidance issued by the UK Government and the World Health Organization. These measures include travel restrictions, reviewing business continuity plans frequently and implementing containment protocols for those visiting our head office and workshop in Lincoln, UK and our satellite facility in Calera, USA.

Turbine Efficiency remains committed to our customers throughout this situation and we will do everything in our power to ensure that they continue to receive the exceptional support and expert approach for which we are renowned. We appreciate that this is a rapidly evolving scenario and we will continue to provide updates as necessary, please don't hesitate to contact us if you have any questions regarding any of the above information. Please ensure you check in with your regular points of contact within TEL prior to visiting the office for updates on the current situation and our precautionary measures.

Regards,

Chris Turner
CEO
